Insanely simple invoicing.

Slimvoice, the world's lightest invoicing app.

Slimvoice redefines the lightweight app – from the engineering to the design – so that you can spend less time sending and more time receiving.

Create & send PDFs.

No need to compose emails and attach invoices manually. Slimvoice will keep the stray files off your desktop by sending PDFs directly to your client.

Multiple clean, modern invoice designs to choose from.

Track payments & get paid.

Enter cash and check payments to keep track of outstanding balances.

Get paid even faster by accepting card payments right on your invoices. Simply connect your Stripe account and immediately begin accepting payments.

[Only 1% + processor fees when accepting cards](#)

No upgrades. All-inclusive for free.

Create, manage, export, and send unlimited invoices for free. All dashboard statistics and filtering features are available by default.

There is no subscription. Just sign in and start getting paid.

Try it for free.
Just kidding, it's always free.
